## FCA Safety Update

### Quarterly Safety Webinar (8/30): OSHA Compliance for Finishing Contractors

Tuesday, Aug. 30 at 2 PM CT, FCA is hosting a quarterly safety webinar on OSHA Compliance for Finishing Contractors. Presenter Drew Page will discuss OSHA’s top 10 most frequently cited standards for finishing contractors. Contact Darlene Shonder for more information if you’re interested in attending this webinar.

### FCA Safety Advisory Committee

The FCA Safety Advisory Committee is having conference calls on the fourth Tuesday of every month at 2 PM CT. All FCA members are welcome and encouraged to participate. The next conference call will be held Tuesday, Sept. 20 at 2 PM CT. Contact Darlene Shonder if you are interested in attending.

### FCA Safety Helpline

The FCA Safety Helpline is up and running. Any FCA member can utilize this service to have their questions answered directly by a safety professional. The helpline is open Monday through Friday from 9 AM - 4 PM CT, and email responses can be expected within 24 business hours. Dial (844) 414-SAFE or email safetyhelpline@finishingcontractors.org to have your questions answered by a safety professional!

FCA International’s new Toolbox Talk Program is a $795/year value available to your company at no additional cost!

- Over 200 Toolbox Talks
- English and Spanish
- Preset 52 week TBT Schedule Available

To receive a key and have access to the Toolbox Talk Program please contact Darlene Shonder at dshonder@finishingcontractors.org or (866) 322-3477

## OSHA Fines Increased 78 Percent This Month – It’s Not Too Late to Protect Your Business

The adjustment for inflation is the first the Federal Government has allowed the Department of Labor to impose since 1990...

## Cranes

**Cranes & Power Lines Don’t Mix**

To avoid contact with power lines when operating cranes the employer must follow the regulations of 1926 Subpart CC. Follow these three steps every time a crane is operated.

## PPE: Footwear

We tend to take our mobility for granted. Proper footwear is a vital part of workplace injury prevention; just as much as the need to protect our eyes and hands.
