FCA Safety Advisory Committee

The FCA Safety Advisory Committee is having conference calls on the fourth Tuesday of every month at 2 PM CT. All FCA members are welcome and encouraged to participate.
The next conference call will be held next Tuesday, June 28 at 2 PM CT. Contact Darlene Shonder if you are interested in attending.

FCA Toolbox Talk Program

More and more FCA members are utilizing the FCA Toolbox Talk Program. The program is free of charge to FCA members and features a comprehensive library of talks (in both English and Spanish) that are both trade and industry specific. The program also features a calendar of talks members can follow. If you would like to take advantage of this program, contact Darlene Shonder.

Quarterly Safety Webinars

In March, FCA held its first quarterly safety webinar on Confined Spaces. There will be three more webinars held this year, and they will cover: OSHA Top 10 for Finishing Contractors; the New Silica Rule; and Effective Safety Management Systems. Stay tuned for more details as the webinars near.

FCA Safety Helpline

The FCA Safety Helpline is up and running. Any FCA member can utilize this service to have their questions answered directly by a safety professional at no extra cost. The helpline is open Monday through Friday from 9 AM - 4 PM CT, and responses can be expected within 24 business hours.

OSHA Workplace Injury Rules Make Workplace Safety Data Public

In the latest of OSHA workplace injury rules, a new final rule has been implemented that will require many companies to go one step further and electronically submit their logs containing injury and illness data to OSHA...

What is the ROI On a Safety Management System?

Employers, especially those in high-risk industries, hear a lot about the importance of workplace safety. OSHA safety precautions are in place to help guide them in creating processes to keep workers safe from common dangers on the job. However...

Scaffolding

It is estimated that in today’s construction industry, an incredible 2.3 million construction workers perform some type of work on scaffolds, which is roughly 65 percent of the construction workforce...

PPE: Gloves

There is a wide variety of workplace safety gloves used as personal protective equipment (PPE) on the job...
